# Muhammad Abuzar

Self taught full-stack Web and App Developer + Deep Learning  
Practitioner

Bahawalpur District, Punjab, Pakistan

## Summary

Experienced JavaScript Developer who can build highly responsive  
UIs, REST APIs, GraphQL and real time communications with Web  
Sockets.

I can also analyze, visualize, clean and preprocess data and then  
apply Machine or Deep Learning algorithms on it.

On the database side I use PostgreSQL and MongoDB as my  
primary databases and Power BI to make dashboards for business  
intelligence.

---
